Three Sunday Morning Worship Services beginning September 5, 2010

The parking lots filled. The pews filled. We sat out extra chairs, and in special 11:00 a.m. Sunday services, they were filled also. Thoughts of a never-dreamed-of THIRD service began to surface. The leadership crunched the numbers, prayed earnestly, researched trends and God said, "No". We continued to seek God's will. He indicated we should focus on the needs of the congregation not on just fitting into the available space. So our awesome God led us to not just add a worship service but start TWO NEW services. We listened to God, and the sheep of His pasture and have plans for an exciting trio of Sunday morning worship services and a second Sunday School. Both are designed to serve a diverse congregation and community. Please see the descriptions below. Prayerfully consider the "Traditional" and "Up Close" services. You'll enjoy the same Biblical message with a method you'll find inviting. This would also help with the overcrowding in the 11:00 service and leave space for the many visitors from our growing community.

Sunday – 8:15 a.m.
"Serving Others Together in the Name of Christ"

We begin Sunday morning with a fully traditional worship service. Features include the great hymns of the faith, to which you already know the words, along with the instrumentation you've loved through the years. This worship experience is filled with the refreshing devotion and message of our ancestry delivered in a format familiar to your parents and to those who enjoy the time-tested methods of worship.

Worship #2
Sunday - 9:45 a.m.
CLOSE

"UP CLOSE" is a simpler, quieter, more intimate, informal, and participative service. Worship #2 leans a little toward the atmosphere and characteristic of the Sunday evening service but with worship through singing and a mixture of instrumentation to fit the up-close environment. The sermon is presented from a lectern at pew level and at times includes interactive discussion with the congregation. Sunday School, during this hour, remains staffed and scheduled as usual.

BLENDED

Our later service is unchanged as the more up-beat, exciting blend of contemporary and traditional music with a broad range of instrumentation used for several years now. Newcomers find a great place and method of worship during this service.

There is also a second **Sunday School** during this time slot. Details for this new Sunday School are given on page 2.
